Email: **shelbylcc@sbcglobal.net**

County Commissioners:

Address: **25 w Polk St**

City: **Shelbyville**

Zip Code: **46176**

Plan Summary

Mission Statement: To provide an organization through which the community can develop, plan and implement coordinated, comprehensive efforts to address the problems of substance abuse and to reduce the negative effects of these behaviors.

History: The Shelby county Comprehensive Community Plan is the culmination of a long collaborative process. It represents several years of effort by various community leaders, concerned citizens, elected officials and human service providers. The Coalition itself is the result of a recognized need for a more coordinated and organized effort, which officially began on September 28, 1990. Its broad-based representation draws from all segments of the community. The group has also drawn participation from non-members. A Steering Committee is designated to coordinate and provide leadership in developing a Comprehensive Plan of Action to address substance abuse in Shelby County. The plan, which is submitted to the Governors Commission for a Drug Free Indiana, reflects the group's efforts to: 1) assess the extent of the problem, 2) identify existing services, 3) assess the identified needs. The Coalition has focused on the areas of Prevention/Education, Intervention/Treatment, Law Enforcement/Justice. The needs of youth, adult and senior populations have been considered

Summary of the Comprehensive Community Plan: Throughout the years, many issues have remained the same. Drug and alcohol use is still a significant problem in Shelby County. However, several more dangerous problems have arisen. The manufacturing and use of methamphetamine is a growing, dangerous problem facing Shelby County. We hope with our new plan, we will be able to develop relationships with new partners in this fight. Prescription drug abuse is another growing problem among both youth and adults. Again, this is a new focus for our organization. Through the Drug Free Community funds, we have been able to provide dollars to fund overtime DUI patrols, purchase equipment for law enforcement agencies that would have otherwise done without or with less effective equipment. Funds have been made available to establish a low cost, youth treatment program. Many youth that would have otherwise

gone unserved will be able to participate in Afternoon's R.O.C.K. . Schools are facing cutbacks, with Drug Free Community Funding, several schools have been able to carry out positive character education programs.

The following problems have been identified in Shelby Co.

. Due to youth acceptance of marijuana use, there continues to be a high rate of marijuana use among youth and adults in Shelby Co.

. The manufacturing and use of methamphetamine continues to present a danger for Shelby Co.

. There is a high percentage of prescription drug abuse in Shelby County.

. Shelby County youth continue to illegally use alcohol. Alcohol is present at many youth gatherings.

. A high percentage of Shelby County adults continue to use drugs and alcohol.

. A high number of Shelby County residents continue to drive under the influence of alcohol.

. There continues to be a high rate of domestic violence and child abuse in Shelby County, strongly believed to be related to substance abuse.

Shelby County Demographics :

General

Population (2000 Census) 43,445

Median Age: 36.2

White: 42,254 (97.3%)

Black or African American: 330 (0.8%)

Problem Identification

Problem Statement #1: Due to youth acceptance of marijuana use, there continues to be a high rate of marijuana use among youth and adults in Shelby Co

Supportive Data:

- According to agency data, Shelby Co law enforcement marijuana arrest resulted in 258 charges including possession, cultivating and dealing marijuana
- Shelby county Probation reports over 30 marijuana related charges with youth on probation
- According to Indiana Prevention Resource Center, 46% of Indiana 12th graders and 4.5% of 6th graders reported using marijuana during their lifetime. 6% of Indiana 12th graders report using marijuana on a daily basis
-
-
-

-

Year 1 Update:

- According to 2005 data from Shelbyville Police Dept and Shelby Co Sheriff's Dept, there were 240 marijuana related charges in Shelby Co.
- Currently the Shelby County Probation Department reports 46 juveniles on probaton with 17 of those specifically charged with marijuana related offenses.
- To our knowledge no schools took the PRC in 2006.
-

Year 2 Update:

- According to 2006 Shelby County Sheriff/Police reports, there were 213 marijuana related arrests in 2006. Of those, 193 marijuana related counts were filed by the Prosecutor.
- There were 536 (2005 number was a typo...it should have been 496) juveniles on probation with 16 of those specifically charged with marijuana related offenses in 2006.
- To our knowledge, no schools took the PRC in 2006
-

Final Update:

-
-
-
-

Objectives:

- Provide funding for middle school, high school, and adult programming addressing marijuana use by citizens of Shelby Co..
- Encourage community education/awareness of marijuana use
- Continue public awareness of youth and adult marijuana problems within Shelby Co through community presentations and local media
- Support youth serving organizations that provide drug education and alternative activities during after school hours
- Support Shelby County Youth Council as they provide K-3 drug education program P.E.T.E. and other activities promoting a drug free lifestyle
-
-
-
-
-
-
-
-

-

Year 1 Update:

- Shelbyville Middle School conducted billboard project involving over 1000 students. Winning drug free poster was made into billboard and displayed in Shelbyville for several weeks.
- Mt. Pisgah Baptist Church sent 40 youth to "Camp Big Stuff". This is leadership camp, youth returned and started a Wednesday evening youth group focusing on drug and alcohol abuse prevention
- Family Services provided "A Barren's" R.O.C.K. 8th students that would otherwise go unserved participated with help of coalition grant
- Triton Middle School has adopted "Character Counts" curriculum and serves over 500 students giving character and drug free education
- Triton Central S.A.D.D. are regarded as youth leaders in the community. Over 130 students conduct drug free activities and education to their community
- Development of Shelby County Drug Free Coalition website. Designed as a resource for parents, students and professionals to get the latest substance abuse prevention education, treatment options and links to statewide resources
- Shelby County Youth Council presented P.E.T.E., in two school systems involving over 500 elementary students in drug education activities
-
-
-
-

Year 2 Update:

- **Members of the SCDFC regularly work with Community Corrections, parent groups and school officials to execute regular K9 drug searches in local schools.**
- **SCDFC Exec. Director has had several speaking engagements in local schools in order to educate students on the effects of drug/alcohol abuse.**
- **We have participated in several local trade fairs, the county fair, at which educational information is shared with the community and surveys are taken to assess the need of our community.**
- **The local Prosecutor sponsors an awareness calendar. All county elementary students are encouraged to submit drawings which depict reasons for living drug free. Winners are selected and the calendars are dispersed throughout the County. This is done in conjunction with our essay contest during Red Ribbon Week.**
- **The Shelby County Drug Free Coalition Sponsored a "Why I Choose to be Drug Free" essay contest in order to raise awareness and give students an opportunity to express their thoughts. First, second, and third places per grade were recognized and awarded**
- **Mt. Pisgah Baptist Church sent another group to "Camp Big Stuff" for leadership skills training and building. The Wednesday night program called "Focus" continues to utilize the lessons and skills learned at this camp to encourage healthy lifestyle choices where drugs and alcohol are concerned.**
- **We continue to support Triton Middle School's "Character Counts" program. This character and drug free education serves over 500 students.**
- **SCDFC Sponsored a Girls Inc. program called "Choices Have Consequences". This is a gender specific program that builds skills and abilities in order to prevent substance abuse.**
- **Afternoons Rock Program continues to provide alcohol, drug, tobacco, and other substance abuse prevention activities in a safe, supervised environment during after school hours.**
- **the Youth Council continues to initiate community activities to raise awareness about substance abuse issues. Members of the Youth Council also initiate and lead regular activities within their own schools in conjunction with SADD and other student lead organizations.**
-

Final Update:

-
-
-
-
-

Goals: Marijuana arrests will decline in Shelby County.

Year 1 Annual Benchmarks:

- The rates of marijuana arrests have declined in Shelby Co. by 7%.
-
-
-

Year 2 Annual Benchmarks:

- Marijuana arrest have decreased in Shelby County by 27. Down 11%
- Juveniles on probation with marijuana related offenses has decreased by 6%.
-

Final Report:

-
-
-
-

Problem Statement #2: The manufacturing and use of methamphetamine continues to present a danger for Shelby County

Supportive Data:

- Shelby Co law enforcement reports increase in methamphetamine arrest in 2004, resulting in over 75 methamphetamine related charges.
- Indiana State Police report 21 clandestine labs seized in 2004. This is a 57% increase from 12 labs in 2003
-
-
-
-

-

Year 1 Update:

- **Shelby County law enforcement agencies report a decrease in methamphetamine arrest in 2005, resulting in 46 methamphetamine related charges.**
- **Clan Meth Labs Totals and Averages from 2002-2005 indicate that Shelby County averaged 11.75 . The total number of meth labs discovered dropped from 21 in 2004 to 9 in 2005. Shelby County ranked 34th in the state in the number of discovered meth labs in 2005**

-

-

Year 2 Update:

- **According to Shelby County law enforcement agencies, there were 22 methamphetamine related arrests in 2006. Of those arrests, the Prosecutor's office filed 19 counts.**
- **There were 13 meth labs discovered in 2006**
- **Shelby County ranked 17th in the state in the number of discovered meth labs**

-

Final Update:

-

-

-

-

Objectives:

- **Educate community on prevalence and dangers of methamphetamine production and use**
- **Support local and statewide legislation making key ingredients more difficult to access**
- **Promote Drug Tip line for community tips to report suspicious activity**
- **Work with local neighborhood associations and citizen groups to promote awareness**
- **Support local enforcement/treatment agencies in addressing the methamphetamine problem in Shelby Co.**
- **Aid in the enforcement of the law as it exists concerning methamphetamine.**
- **Support treatment facilities for all citizens in Shelby Co.**

-

-

-

-

-

-
-
-
-

Year 1 Update:

- **Statewide legislation passed making key ingredients more difficult to obtain**
- **Methamphetamine workshop scheduled for summer 2006 targeting social workers, and professionals**
- **Promoting Drug Tip line on new website**
- **Providing educational information on website**
- **Listed objectives 4-7 have not been completed at this time but will remain a priority.**
-
-
-
-

Year 2 Update:

- **Promote Drug Tip line on website**
- **Provide educational and awareness information at local trade fairs and the county fair. Our Director gave an informational convocation at Southwestern High School. The former director gave several awareness speeches but was unavailable for specific information. Information is made available at the local Free Clinic. Information is also available upon request through our office. Information is shared at local networking meetings and via Chamber of Commerce Broadcast Emails**
- **Several SCDFC members, including members of the local Sheriff's Dept, Police Dept. and Prosecutor's office are looking into a program that would coordinate tracking efforts across nearby county lines. This program will record trends in ingredient purchases and red flag individuals.**
- **While there are no local treatment facilities in Shelby County, SCDFC supports Gallahue Mental Health, a satellite for Comm Hospitals by referring citizens. SCDFC also provides funding to local Comm. Corrections and Probation Departments, which are responsible for the after care of juveniles, who have gone through treatment.**
- **Listed objective 4 has not been addressed but continues to be a priority.**
-
-

Final Update:

-
-
-
-

Goals:

- **Decrease arrests and lower the number of meth labs found in Shleby Co.**

Year 1 Annual Benchmarks:

- The Shelby County Sherrif's Department reports 15 arrests for possession of meth, 6 arrests for manufacturing meth, 4 arrests for attempted manufacture of meth, 5 arrest for conspiracy to manufacture meth, 5 arrests for dealing meth, and 11 arrests for the possessions of the chemical agent/precursors. This illustrates approximately a 39% decrease in the arrests by the sheriff's department.
- The Shelby County Sherrif's Department reports that the number of clandestine meth labs has dropped from a high of 21 arrested in 2004 to a total of 9 in 2005. This illustrates a drop of approximately 57% in the number of clandestine labs found in Shelby County.
-
-
-
-

Year 2 Annual Benchmarks:

- The total number of meth. related arrests decreased by 52% in 2006.
- While the over all meth related arrests decreased, the number of meth labs discovered in 2006 in Shelby County increased by a total of 4 from 2005. This represents a 44% increase.
- There were 14 possession arrests and 8 dealing arrests made in 2006. this represents a 7% decrease in possession arrests and a 60% decrease in possession arrests from 2005.
-

Final Report:

-
-
-
-

Problem Statement #3: There is a high percentage of prescription drug abuse in Shelby County

Supportive Data:

- Shelby County law enforcement agencies report over 60 arrest directly related to dealing or possession of a controlled substance

- According to 2004 Attitude Tracking Study, 18% of youth reported using Vicodin to get high, 10% of youth reported using OxyContin, Ritalin/Adderall. 9% of youth report experimenting with OTC medication such as cough syrup.
-
-
-
-

Year 1 Update:

- In 2005, Shelby County law enforcement agencies report over 40 arrest directly related to dealing or possession of a controlled substance.
- During the 2004-05 school year Shelbyville Central Schools suspended 10 students for dealing or possession of controlled substances.
- During the 2004-05 school year Shelbyville Central Schools expelled 5 students for dealing or possession of controlled substances.
-
- The Shelby County Sheriff's Department reports that 19 arrests were made for possession of a controlled substance, and 1 arrest for dealing of a controlled substance.

Year 2 Update:

- In 2006 Shelby County law enforcement agencies report 41 controlled substance related arrests.
- Shelbyville High School Reports suspending 6 students for controlled substance related infractions
- Shelbyville High School reports expelling 4 students for controlled substance related infractions.
-

Final Update:

-
-
-
-

Objectives:

- Conduct and /or support community awareness projects focusing on prescription and over the counter drug abuse by adults and youth
- Engage local physicians and pharmacist in local efforts to decrease the abuse of prescription and over the counter drugs
- collaborate with local senior services organizations preventing prescription misuse by seniors.
-
-
-
-

-
-
-
-
-
-
-

Year 1 Update:

- **Providing educational information to local senior service agencies regarding prescription drug abuse/misuse.**
- **Objectives 1 and 2 remain a priority but have not been fully addressed at this time.**
-
-

Year 2 Update:

- **Sharing information with local senior service agencies regarding prescription drug abuse/misuse. The director participates in monthly networking meetings at the hospital. A large percentage of attendees are representatives of Nursing Homes and Adult Service Agencies. By maintaining relationships with caregivers and program leaders, we are continuing to make our resources available to Seniors in our community.**
- **Objectives 1 and 2 remain a priority but have not yet been full addressed at this time**
-
-

Final Update:

-
-
-
-

Goals: Prescription drug use will decline among both youth and adults

Year 1 Annual Benchmarks:

- **Shelbyville High School reports that suspensions for possession of a controlled substance was cut in 1/2 during the past year .**
- **According to information provided by the Shelby County law enforcement there has been a 33% decrease in arrest reports for controlled substances.**
-
-

Year 2 Annual Benchmarks:

- **According to Shelby County law enforcement agency reports, the number of controlled substance related arrest remains about the same as in 2005.(up 3%)**
- **According to reports from Shelbyville High School, the total number of students suspended for controlled substance related issues has decreased by 40%. The number of students expelled for issues dealing with controlled substance is down by 20%.**
-
-

Final Report:

-
-
-
-

Problem Statement #4: Shelby County youth continue to use alcohol. Alcohol is present at many youth gatherings

Supportive Data:

- Shelbyville Police Department reports 140 arrest for minors consuming/possessing alcohol. 1 arrest for furnishing alcohol to minors in 2004
- Shelby County Sheriff's Dept reports 80 arrest for possession/consumption of alcohol by a minor. 6 arrest for contributing to the delinquency of a minor and 1 arrest for furnishing alcohol to a minor.
- According to the Indiana Prevention Resource Center, 27.9% of Indiana 12th graders report binge drinking while 3% report daily use. 76.6 of Indiana 12th graders report using alcohol during their lifetime. Additionally, 29.7% of Indiana's 6th graders report using alcohol at least once in their lifetime.

- Shelby County Youth Council identifies underage drinking as the number one substance abuse issue facing Shelby County Youth.
-
-
-
-

Year 1 Update:

- **Shelby County law enforcement agencies report 136 charges for illegal consumption by a minor.**
- **Shelbyville City Police Department reports 122 arrests for minor consumption.**
- **Shelbyville City Police reported 3 arrests for furnishing alcohol to a minor.**
- **Shelby County Sheriff reports 1 arrest for furnishing alcohol to a minor.**
- **The Shelby County Sheriff's Department reports 66 arrests for illegal possession.**

Year 2 Update:

- **Shelby County Sheriff's Dept. reports 90 illegal consumption/possession/transport related charges. in 2006.**
- **Shelbyville Police Dept. reports 137 illegal consumption/possession/transport related charges in 2006**
- **Police reports show 3 arrest for furnishing alcohol to a minor.**
- **Sheriff's report shows 3 arrests for furnishing alcohol to a minor.**

Final Update:

-
-
-
-

Objectives:

- **Provide education for parents and other adults of the consequences of providing alcohol to underage youth**
- **Participation in Indiana Coalition to Reduce Underage Drinking, to secure additional funding for future underage drinking initiatives**
- **Support local SADD organizations in programming, addressing underage drinking**
- **Educate youth on dangers/consequences of underage drinking**
-
-
-
-
-
-

-
-
-
-
-

Year 1 Update:

- **Shelby County Youth Council held annual Ghost Ball, dance for youth giving them alternative activities during high risk time of fall break. Over 300 students in attendance**
- **Provided funding for Shelbyville Post Prom providing safe environment following prom. Over 200 students attended**
- **Triton Central SADD held annual end of school year Luau open to all high school students in Shelby Co. Over 300 students attended.**
- **3 area high schools held "Mock crash" during prom week to show the consequences of drinking and driving**
- **Objectives 1 and 2 are priorities and will be addressed more fully in the future.**
-
-
-

Year 2 Update:

- **Shelby County Drug Free Coalition Youth Council annual Ghost Ball dance for youth giving them alternative activities during fall break. around 300 in attendance.**
- **SCDFC Youth Council along with members of the Coalition planned and lead Alcohol Awareness activities in their individual schools. Activities included coordinating mock crashes, contests, giveaways, and post prom activities all designed to provide prevention and education.**
- **SCDFC Youth Council decorated windows of local businesses for Orange Ribbon Week. This activity was covered with a front page story in the Shelbyville News. Youth Council Students and the SCDFC Director were able to address issues related to underage drinking in Shelby County.**
- **SCDFC helped coordinate "mock crash", alcohol awareness activities and informational convocations at three area high schools during prom week.**
- **Provided funding and informational/educational/awareness materials for Waldron and Shelbyville Post Prom activities .**
- **Objectives 1 and 2 are priorities and will be addressed more full in the future.**
- **SCDFC held it's annual Red Ribbon Run which was publicized in the Shelbyville News in order to raise awareness.**

Final Update:

-
-
-
-

Goals: There will be a decline in underage drinking in Shelby County

Year 1 Annual Benchmarks:

- **The Shelby County Sheriff's Department reports 66 arrests for illegal possession/consumption/transportation of alcohol. This represents a decrease of 17.5% from 2004.**
-
- **There is a reduction from 140 arrest to 122 arrest as reported by the Shelbyville City Police Department. This represents a decrease of 13%.**
-

Year 2 Annual Benchmarks:

- **Over all, the total numbers of illegal alcohol possession/cons/trans arrests by County Sheriffs have decreased by 34%. Police reports show a 12% increase over last year. Combined agency report 97 fewer arrests in 2006.**
- **The over all arrests have gone down in 2006. The furnishing alcohol to a minor arrests have stayed roughly the same, with there being 2 more in 2006 than in 2005.**
-
-

Final Report:

-
-
-
-

Problem Statement #5: A high percentage of Shelby County adults continue to use drugs and alcohol

Supportive Data:

- According to 2004 data, Shelby Co Sheriff's Dept reports over 301 narcotics related arrest and 559 alcohol arrest
- Shelbyville Police Department reports in 2004 approximately 400 narcotis arrest and 716 alcohol related arrests.
- Major Hospital reports 400 drug and alcohol related visits to the emergency room in 2004
- Major Hospital also reports 26 CHINS filed at the hospital in 2006. 28 of those filings were directly related to substance abuse and/or alcohol.
-

-
-

Year 1 Update:

- **Shelby Co law enforcement reports a combined total of 1490 drug and alcohol related charges files in 2005**
- **Major Hospital reports that 84 patients came through the ED with drug and/or ETOH diagnosis. This indicates a lowering from 400 to 84 patients admitted to the ED from 2004 to 2005.**
- **24 of those were admitted to observation or inpatient beds.**
- **70 of those patients were ETOH and the remaining 14 were cannabis, cocaine, amphetamines, opoids, or unspecified.**
-
-
-

Year 2 Update:

- **Combined Sheriff's and Police reports show a total of 1,538 drug and alcohol related charges filed in 2006.**
- **According to Major Hospital, 155 patients came through the ED for drug related issues in 2006. 165 patients came through for alcohol related issues.**
- **43 of the drug related were retained for observation and 49 were admitted as inpatients.**
- **55 of the alcohol related were retained for observation and 46 were admitted as inpatients.**

Final Update:

-
-
-
-

Objectives:

- **Continue to provide public education and awareness of drugs and alcohol abuse issues in Shelby County through community presentations**
- **provide awareness through participation in communitiy events such as county fair, health fairs and other community events**
- **Support programs both new and existing, focusing on prevention/education or treatment intervention**
-
-
-
-
-

-
-
-
-
-

Year 1 Update:

- **Sponsored Shelby County Drug Free Day at the fair. Conducted interactive booth, collaborated with other activities such as cheerleading competition and 4-H events. Interacted with over 3000 community members.**
- **Quarterly radio interviews on local radio addressing substance abuse issues that face Shelby County**
- **Sponsored a booth at the Shelby County Trade Fair.**
- **Objective number 3 is a priority and will be addressed in the future.**
-
-
-

Year 2 Update:

- **Sponsored Shelby County Drug Free Day at the fair. Conducted an interactive booth, collaborated with various other events in the grandstand. Interacted with around 300 community members.**
- **Sponsored booth at the Shelby County Trade Fair.**
- **Radio spots to raise awareness. To the best of our knowledge these radio addresses were in conjunction with Red Ribbon Events. Chamber members are given regular air time for promotion. John was also interviewed during his time as director.**
- **We sponsor/support Recovery Counseling Services and Drug and Alcohol Education and Awareness (Turning Point Domestic Violence Services Inc.). Both programs address substance abuse issues of adults in Shelby County.**

Final Update:

-
-
-
-

Goals: Shelby County will experience a decline in adults using and abusing drugs and alcohol

Year 1 Annual Benchmarks:

- The Shelby County Hospital E.R. indicates a decline from 400 to 84 the number of patients with drug and/or ETOH diagnosis.
- Shelby County Law enforcement arrest data demonstrates a 24% decrease in 2005. (1976 total arrests to 1490 in 2005)
-
-

Year 2 Annual Benchmarks:

- Note of clarification: The stats for 2006 are based on a "Any Diagnosis" report from Major Hospital. This means that when an individual's blood was tested, all substances were noted and listed individually. For example, a single patient testing positive for cocaine and alcohol would have been noted in both the drug and alcohol totals. Likewise if multiple drugs were detected in one patient, he/she would be noted for each substance. This could be the reason for the "sharp decline" from 400 to 84 in 2006??? In the future, we will consistently report from the "Any Diagnosis" as it more fully encompasses the scope of the problem.
- According to Shelby County law enforcement agencies the total of drug and alcohol related arrests has increased by 3% in 2006.
-
-

Final Report:

-
-
-
-

Problem Statement #7: A high number of Shelby County residents continue to drive under the influence of alcohol

Supportive Data:

- In 2004 Shelby Co Sheriff's Dept made 390 arrest for operating a vehicle while intoxicated. 3 arrest involved operating a vehicle while intoxicated involving bodily injury. 72 arrest for public intoxication.
- Shelbyville Police Dept reports 318 arrest for operating a vehicle while intoxicated, 257 arrest for public intoxication in 2004

- 2002 local survey suggest that over 50% of adults report riding with someone who had been using alcohol.
-
-
-
-

Year 1 Update:

- **Shelby Co Sheriff's Dept reports 342 D.U.I related charges filed in 2005. 82 for public intoxication.**
- **Shelbyville Police Dept reports 345 D.U.I. related charges and 241 public intoxication charges filed in 2005.**
-
-

Year 2 Update:

- **Shelby County sheriff's Dept. reported 254 DUI related charges in 2006. 73 for public intoxication.**
- **The Shelbyville Police Dept. reports 268 DUI related charges in 2006. 233 for public intoxication.**
-
-

Final Update:

-
-
-
-

Objectives:

- **Provide funding for local law enforcement agencies to conduct focused impaired driving projects**
- **Increased public awareness of drinking and driving issue in Shelby County through local radio, newspaper and community presentation**
- **Support Shelby County Youth Council in addressing issue with area youth. Continue to support area schools pre/post prom activities**
- **Establish a database regarding alcohol related crashes from Shelbyville and Shelby county law enforcement agencies**
-
-
-
-
-
-
-
-

-
-
-

Year 1 Update:

- **Provided funding and support for Youth Council to conduct Ghost Ball, a annual dance held during fall break which can be a time youth are at higher risk to participate in parties involving drugs and alcohol**
- **Media coverage during holiday season of dangers of drinking and driving**
- **Provided funding for Shelbyville Police Department and Shelby County Sheriff's Department to aid in lowering the numbers of drunk drivers in Shelby County**
- **A data base for both the city and county has not been established as this time, however they continue to exchange information on a as need basis.**
-
-
-

Year 2 Update:

- **Continue to provide funding and support of Youth Council activities during fall break and prom seasons. Media coverage for Orange Ribbon Week Event.**
- **Provided funding for Shelbyville Police Dept. and Sheriff's Dept. to aid in lowering the number of drunk driving incidents in Shelby County.**
- **No data base has been established but they continue to exchange information as needed.**
- **Sponsored booths to raise awareness at the County Fair. Participated in 3 trade shows/fairs including Healthy Families, Chamber of Commerce,**
- **Partner with local schools, sheriff's dept. and police to hold mock crashes**

Final Update:

-
-
-
-

Goals: There will be a decrease in DUI arrest by all Shelby County law enforcement agencies

Problem Statement #8: There continues to be a high rate of domestic violence and child abuse in Shelby County, strongly believed to be related to substance abuse

Supportive Data:

- Shelbyville Police Dept reports 253 arrest for domestic violence in 2004
- Shelby Co Sheriff's Dept. reports 122 domestic violence arrest in 2004
- Shelby County Child Protective Services report 35% of all substantiated abuse cases involve alcohol and drug abuse
- National statistics report that over 80% of domestic violence cases involve some type of substance abuse.
- Turning Point's Shelby County local Community Services director 43% of the adult clients have self reported the use and or mis-use of alcohol, drugs and/or prescription medications.
- During the past 3 years Turning Point reports the DV calls have increased in Shelby County from 63 in 2003 to 158 in 2005.
- 58 calls have been received (March-Aug. 2006)
-

•

Year 1 Update:

- **Shelby Co Sheriff's Dept report 89 arrest for domestic violence in 2005**

-
-

Goals: Lower the rate of arrests of domestic violence and child abuse in Shelby County. Show a decrease in reported cases of abuse through Turning Point.

Year 1 Annual Benchmarks:

- The Shelby County Sheriff's Department reported 89 arrests for domestic violence in 2005 as compared to 122 reported in 2004.
- The Shelbyville Police Department reported 218 arrests for domestic violence in 2005 as compared to 253 reported in 2004. Totaling 375 arrest in 2004 decreasing to 307 in 2005. This represents an 18% decrease.
- The information provided by Turning Point will establish a baseline and a comparison will be made in the future.
- Turning Point recorded 158 calls concerning domestic violence, made 611 follow up calls, and 43 referral calls for a total of 816 calls in 2005.
- Turning Point reports a total of 504 calls (March-Aug) 2006.
-
-

Year 2 Annual Benchmarks:

- According to the Shelby Co. Sheriff's Dept. the total number of Domestic Battery charges has decreased by 66% from 2005. Of those, 91 were filed by the prosecutors office.
- According to the Shelbyville Police Dept. the total number of Domestic Battery charges has decreased 172% from 2005.
- According to Leah MacAdam of Turning Point, there were 996 incoming calls from March 2006-Dec. 2006. There were 803 follow up calls made. There were 146 referrals made to the agency. Because we have just started tracking these calls, we will not be able to make comparisons until next year.
- We are uncertain as to the sharp decline in arrests. We are attempting to ensure that our data collection is consistent from year to year.

Criminal Justice Services	25	\$17,000.00
Administrative	25	\$17,000.00
TOTAL(S)	100	\$68,000.00

(4) Describe the grant process and requirements for the grantees:

Opportunity for funding is announced via the local paper and radio station. Applications can be picked up at the office or downloaded from the website. Following the deadline to receive requests, a grant committee, made up of active members of the Drug Free Coalition and one or more Eecutive Board memebbers, review the applications. Each applicant is required to make an appointment with the Grant Committee to give a detailed overview of the program/project for which the funding will be used. Upon review of the applications and conclusion of the applicant interviews the Grant Committee discusses the information and approves projects/programs and appropriate amounts to be awarded. Simple majority rules in situations of disagreement. The recommendation is then brought to the executive board for vote of approval. Upon approval, the grantees are notified. In accepting funding from SCDFC each grantee is required to attend 6 Coalition meetings, functions, or sponsored activities. Each grantee is required to make quarterly narrative and fiscal reports and

provide spending record and receipts. In addition, "SCDFC" is to appear on all promotional materials.

(5) Provide administrative expenses:

EXPENSE	COST
Director Salary/Benefits	\$15,000.00
Office Supplies/Expenses	\$2,000.00
TOTAL	\$17,000.00

(6) Provide amount of any unused dollars from previous years:

We were in the process of figuring out the dollar amount owed to the local fund from the ITPC budget line. There was a smaller amount of collections than what we had projected. However, we knew the 68,000.00 would be covered by one or the other. Due to Auditor discrepancies, we are not sure of the carryover amount.. It is between 15,000.00 and 30,000.00. We have worked with the Auditor's office to correct this matter. The exact total for 2008 grants will reflect correct amount of collections and carryover.

(7) Additional Comments:
